

**March 25, 2021**

**District Manager**

**Ottawa District Office, Eastern Region**

2430 Don Reid Drive

Ottawa ON

K1H 1E1

**Reference: Environmental Compliance Approval Number 6146-AF4HNW  
2021 Annual Report for the Site.**

**Dear District Manager:**

As required under section 24 of the above referenced Environmental Compliance Approval, please find below the 2021 Annual Report for the Stericycle site located at Units 7 & 8 - 1280 Humber Place in Ottawa Ontario.

**(1) A detailed monthly summary of the information required by Condition 23.1 (1) & 23.1 (2):**

As illustrated in appendix A, a total of **1,587,277KG** of waste was received at the site. All biomedical waste (312P) received at the site waste transferred to the Stericycle Deerhurst location. Other waste classes received were transferred to approved final disposal sites. The yearend balance of waste on December 31, 2021 at the Ottawa site was **7,053KG**.

**(2) A summary of waste loads refused including the generator of the load, the licensed hauler of the load if the generator cannot be determined, the date of the refusal and reason for refusal of the load;**

- a. There were no load refusals to report for the site in 2021.

**(3) Any environmental & operational problems, that are likely to negatively impact the environment encountered during the operation of the Site & during the facility inspections and any mitigative actions taken;**

- a. There were no environmental or operational problems at the site in 2021 that were likely to negatively impact the environment.

**(4) A summary of complaints received and the actions taken to mitigate the issue associated with the complaint;**

- a. There were no complaints received at the site during 2021.

**(5) Any recommendations to minimize environmental impacts from the operation of the Site and to improve Site operations and monitoring programs in this regard;**

Stericycle believes that the current monitoring program is sufficient and enables both Stericycle and the MECP to have a good understanding of the Site operations and to assess its compliance with the Certificate of Approval and all the relevant regulations.

However, Stericycle is very committed to looking for ways to improve its operations through better procedures, training, inspections and monitoring programs and will continue to do so.

I trust that this is the information required and that it meets with your approval. Should you have any questions or require additional information, please do not hesitate to contact me accordingly

Regards,

Dan Kokol

Operational ESH Specialist
